Why is it important?

Entrepreneurship and organic growth are central components of any sound economic Strategy. Innovation-driven entrepreneurial activities and small business are increasingly being recognized for sustainable job creation. People express their creativity and diversity through entrepreneurship, so a greater level of entrepreneurial activity can positively impact how a community is perceived as advanced, open and welcoming.

Objectives

Objective

- [Strengthen London's Entrepreneurship Support Network](#)
- [Address gaps in entrepreneurial services across the city](#)
- [Develop the city as an incubator for entrepreneurship](#)
- [Improve access to capital](#)

A City for Entrepreneurs - Results

Status Definitions

- ✓ Complete: Initiative is complete (may include initiatives that are complete with ongoing activities)
- ↑ On Target:
 - Initiative has been started and is advancing well, in progress
 - Initiative is ongoing or is completed annually
 - New initiative undertaken and is on target
- Caution: Initiative has been started but may not be completed by target date
- Not Started: Initiative has not been started or Initiative has been transferred

Initiative	How are we doing it?	Status Update
<p> 1. Formalize a structure and terms of reference for the Entrepreneurship Support Network (ESN) outlining the roles and commitments of each party to the Council.</p>	<p>Ongoing monthly meetings of the Entrepreneurship Support Network (ESN).</p>	<p>The Entrepreneur Support Network (ESN) consists of member organizations that have a mandate to provide services that foster entrepreneurship in our community. Enhancements have been made to its terms of reference to provide a single frame of reference, talking points and shared ambition for the entrepreneurial sector.</p>
<p> 1.1. Hold quarterly meetings to update on progress made in major initiatives (both individually and regionally) and identify opportunities for collaboration.</p>	<p>Ongoing monthly meetings of the Entrepreneurship Support Network (ESN).</p>	<p>The ESN continues to meet regularly and collaborates on joint and group initiatives.</p>
<p> 2. Continue to work on a strategic direction for the ESN, including strategies to generate support and funding for the organization, leveraging municipal, provincial, and private sector resources.</p>	<p>Ongoing monthly meetings of the Entrepreneurship Support Network (ESN).</p>	<p>The ESN Terms of Reference identified three strategic priorities and subsequent committees that guide deliverables: Communications, Education & Mapping and Access to Capital. Sustainability plan and reporting parameters still to be completed.</p>
<p> 2.1. Create an advisory board of entrepreneurs to assist and inform the work of the ESN.</p>	<p>Each organization has its own advisory board / feedback mechanism for entrepreneurs that influences respective strategic plans. Information is shared with committee when appropriate.</p>	<p>Stakeholders have Entrepreneurs on individual boards, don't want to duplicate efforts. Part of annual reporting out possibly create entrepreneur group to find gaps in ESN, roll into other undefined event. Also promote through Cross Cultural Learner Centre (CCLC).</p>
<p> 3. Identify a working group composed of stakeholders from the ESN and the business community to map out existing resources and mandates. An internal working group of ESN.</p>	<p>Two directories of resources were created: BizGrid and London Inc. Mandates, goals, objectives, and strategies of each organization have not been mapped, nor have gaps been fully investigated and prioritized.</p>	<p>The ESN has convened community focus groups for the Strategic Communications Plan. Internal (ESN partner organizations) mapping is complete and enabling collaboration. Will continue to engage business community for more input.</p>
<p> 4. Create an on-line portal that promotes the full range of organizations within London's entrepreneurship ecosystem, the services and resources available to potential clients, and the pathways to navigate through the ecosystem.</p>	<p>London Inc.; Biz Grid</p>	<p>London INC has been regularly updated to ensure it provides an accurate and relevant list of organizations, services and resources available to all entrepreneurs. Ongoing collaboration between ESN partners. The BizGrid was updated in summer 2017, but not yet finalized and disseminated.</p> <p>London Inc. https://www.ledc.com/london-in-...</p> <p>Biz Grid http://www.pillarnonprofit.ca/...</p>
<p> 5. Engage Western University and Fanshawe College to contribute to the vision for entrepreneurship and innovation in London. ESN to Identify opportunities to develop collaborative entrepreneurship programming with Western (Ivey Business School etc.) and Fanshawe College.</p>	<p>Additional info needed from consultants regarding context. Fanshawe is engaged; Western is partially.</p>	<p>Leap Junction (Fanshawe) and Western Entrepreneurship are actively engaged with partners and providing exclusive programming: Ivey's Accelerator program and summer incubation programs offered at LEAP Junction and Propel.</p>

Initiative	How are we doing it?	Status Update
<p> 6. Facilitate and connect the network of sector-based incubation and entrepreneurial development resources across the city, including protocols for referrals and client hand-offs.</p>	<p>Cross collaboration among existing resources.</p>	<p>Referrals and client hand-offs happen regularly. BURST Program (TechAlliance and London Medical Network partnership) provided 30 innovative med-technology companies access to mentoring and physical resources. Scale Up!, Food Processing Accelerator Program, (Small Business Centre and LEDC partnership) connects growing companies to industry leaders and expertise and to leverage small growth (Starter Company Plus) and two grants from the Ministry of Economic Development and Growth.</p>
<p> 6.1. Promote the growing network of for profit business and social enterprise incubation facilities that offer shared space and access to business expertise, as well as other support activities.</p>	<p>Initiative is being accomplished through items 4 and 7.</p>	<p>UnLondon and Pillar / Innovation Works continue to collaborate to ensure that entrepreneurs are fully enabled and no additional obstacles are created.</p>
<p> 6.2. Enhance technology incubation support</p>	<p>Cross collaboration among existing resources.</p>	<p>Some action has been taken on a consultant's report titled "Strategic Approach to Supporting Entrepreneurs in London". UnLondon has begun work to develop a comprehensive digital creative development strategy and will continue to engage with TechAlliance and LEDC to complete.</p>
<p> 7. Understand, communicate and support programs and participation networks for newcomer entrepreneurship.</p>	<p>Newcomers are currently engaged in existing programs and support, and ongoing communication effort is continued.</p>	<p>Small Business Centre has applied for three funding opportunities, although declined there still is commitment to this priority.</p>
<p> 8. Develop and deliver an annual, community-wide summit on entrepreneurship, highlighting the state of the sector, emerging trends, opportunities, and community performance. Identify and strengthen key existing events with the potential for growth.</p>	<p>There are a number of entrepreneurial events that complete components of this action item, but not all, e.g. London Inc.</p>	<p>Individual partners ran collaborative events that engaged the community. No specific community-wide event is planned.</p>
<p> 8.1. Assemble and maintain an up-to-date calendar of events focused on entrepreneurship and business development in London.</p>	<p>London Inc. has provided a chronological list of entrepreneurship events.</p>	<p>Calendar is updated regularly and accurately reflects the community collaboration</p>
<p> 9. Work with government funding agencies, Southwestern Ontario Angel Network and commercial lenders to facilitate access to capital for new entrepreneurs.</p>	<p>ESN working group has created an "Access to Capital" guide.</p>	<p>Access to Capital committee is resuming to consider new opportunities. Access to Capital document was updated in August 2017.</p>
<p> 9.1. Develop new relationships with external venture capital firms and angel investor networks to facilitate new sources of capital in London.</p>	<p>More opportunities will emerge.</p>	<p>No further progress.</p>
<p> 10. Develop a communications strategy that promotes awareness of available support services and programs available to small business owners.</p>	<p>ESN Communications Committee, London Inc. and BizGrid.</p>	<p>Communication strategy is in progress and will be launched in Q4. Special attention is being paid to encourage longevity.</p>

Economic Priority 2 - A Supportive Business Environment

A Supportive Business Environment

Why is it important?

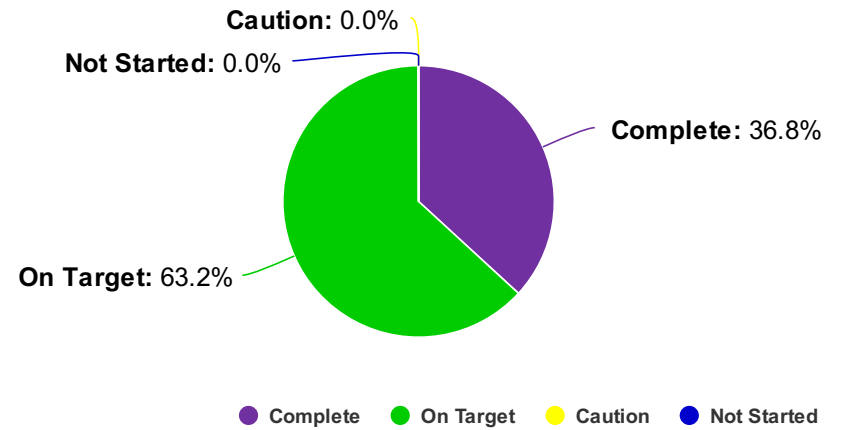

Economic growth does not happen without community and business organizations supporting business decisions to making investments in jobs, and capital. This is why the growth of the London economy depends in part, on our ability to remove barriers to innovation and entrepreneurship, and enhance the predictability and efficiency of business support services and a commitment to timely customer service when engaging business and investors.

Objectives

Objective

- [Demonstrate commitment to growing our business community](#)
- [Provide businesses the support to grow](#)
- [Enhance coordination with our economic development stakeholders to explicitly advance the initiatives within the Economic Road Map](#)

A Supportive Business Environment - Results

- Not Started: Initiative has not been started or Initiative has been transferred

Initiative	How are we doing it?	Status Update	Attachments
<p>  1. Continue to streamline the review and approvals processes for new residential, industrial and commercial development. </p>	<p>A comprehensive assessment of Municipal approval processes has been undertaken by Municipal staff to ensure they are efficient and effective. Next steps will include setting up a stakeholder task force who will prioritize approval process reviews with a lean six sigma lens.</p>	<p>SUBDIVISION process review has been COMPLETED.</p> <ul style="list-style-type: none"> A working group of key stakeholders was established to tackle key issues such as: lengthy subdivision approval timelines (contributing to lot supply shortage); Application requirements; Design Study requirements among other things. Result: submission requirements refined to consolidate detailed design reviews plus a more focussed scope for design studies. <p>SITE PLAN APPROVAL process review has been initiated utilizing Lean Six Sigma best practices.</p> <ul style="list-style-type: none"> To Date, the process review has included a workshop with external stakeholders held June 22, 2017 with approximately 25 attending AND a process review workshop with internal stakeholders held July 7, 2017 with approximately 10 attending. The workshops were well received and resulted in a smaller working group(s) being established to get into the detailed process recommendations. Industry and Staff continue to engage in discussions and are working to formulate process recommendations. Expected completion: Q2 2018 <p>MOBILE FREINDLY PORTAL</p> <ul style="list-style-type: none"> City of London, has created a mobile-friendly and easy-to-use online portal that will provide an enhanced user experience when using some of our services. The portal offers such functions as: <ul style="list-style-type: none"> access to our property inquiry system to view previous or existing development or permits the ability to apply for residential and small plumbing permits identify the status of applications under review, and book or cancel inspections. 	

Initiative	How are we doing it?	Status Update	Attachments
		<ul style="list-style-type: none"> • The system is up and running with over 550 active users and growing. • Next steps: the intention is to add all types of building permit applications to the portal, and also some development applications and business licence applications. 	
 <p>1.1. Implement a business concierge program for major industrial to ensure predictability for end-users.</p>	<p>A SWOT industrial review team has been established for major industrial clients/developments. The purpose is to review and process major industrial clients/developments to ensure Development Approval timelines meet client needs.</p>	<p>A SWOT industrial review team has been established for major industrial clients/developments. The purpose is to review and process major industrial clients/developments to ensure Development Approval timelines meet client needs.</p>	
 <p>1.2. Identify process efficiencies through a Lean Six Sigma program.</p>	<p>Lean Six Sigma Pilot Project</p>	<p>The Lean Six Sigma pilot program identified improvements for service delivery and operational practices with efficiency in mind. 2 Lean Six Sigma Green Belt training sessions have concluded with 30 staff members having successfully completing their training, 24 of those have been certified as Lean Six Sigma Green Belt. 17 improvement projects were initiated within various service areas with 15 of those having been completed and reviewed by EzSigma for certification. The Strategic Management Team has endorsed a 2- year Lean Six Sigma Road Map with a focus on People, Processes, and the Customer. These areas of focus will drive specific process reviews ensuring our customers receive excellent service delivery.</p>	
 <p>2. Catalogue and promote an available supply of land and buildings throughout the City that reflects the broad range of market demand and opportunities for economic growth in London's core and emerging industry sectors.</p>	<p>City of London Realty Services is currently the primary caretaker of the Industrial Land supply of City Owned land and rely on the MLS for private sector listings. The site currently has outdated mapping and technological issues. LSTAR has been engaged and is working with the City to see if inventories can be linked.</p>	<p>City of London, Realty Services has catalogued and is promoting an available supply of land and buildings in the following ways:</p> <ul style="list-style-type: none"> • Information on City and Private lands and buildings available and updated regularly on our Industrial Website • Marketing brochures developed and shared with prospective clients and real estate brokers – example our Innovation Park lands • Promoting of our lands and other private opportunities through our Industrial Lands Officer and the LEDC office. <p>*note: this has been done on an interim basis – we are still working to get LSTAR's participation in assisting us in a new updated site which would include mapping.</p>	

Initiative	How are we doing it?	Status Update	Attachments
<p>✓ 2.1. Review the city's Incentive Programs offered under all of the Community Improvement Plans (CIPs) as well as consider requested new CIPs and incentive programs to ensure the effective use of the city's resources in the attraction of targeted investment opportunities.</p>	<p>City of London is conducting a comprehensive review of Community Improvement Plans (CIPs) and Incentive Programs. This review includes all existing CIPs, potential new CIPs, and new programs.</p>	<p>It being noted that not all recommendations within the review were supportive to business</p>	
<p>↑ 2.2. Implement the Council-approved Industrial Land Development Strategy (IDLS)</p>	<p>An ILDS monitoring and pricing report is presented to Council annually. The report includes a return on investment (jobs, taxes, etc.) analysis and summary of land sales to date.</p>	<p>See attached 2017 land inventory report.</p>	<p> 2017 ILDS Annual monitoring report.pdf</p>
<p>✓ 2.3. Evaluate opportunities to provide higher order office space in proximity to Highway 401.</p>	<p>The Official Plan and Zoning by-law have been reviewed to determine where and what types of offices are currently permitted. A zoning matrix has been prepared.</p>	<p>The existing City of London Official Plan and the pending London Plan do not contemplate stand alone offices along the 401 corridor. The Z.-1 zoning by-law currently permits a variety of secondary offices and offices associated with Industrial uses.</p> <p>The expected completion of the zoning matrix is Q4, 2017.</p>	
<p>↑ 3. Strengthen business retention, expansion, attraction and aftercare programs (BREAA) geared to London firms with 10-20 employees in existing focus and emerging industry sectors in partnership with Federal and Provincial government business support programs and services.</p>	<p>New and existing initiatives within support organizations will be ongoing and include providing resources and services to business in the targeted sectors and employment range.</p>	<p>While LEDC provides investment attraction services, both LEDC and TechAlliance have company focused retention/growth strategies and complimentary services for these companies. The London Chamber of Commerce also provides Export Ready programs for companies of this size.</p>	
<p>↑ 3.1. Monitor and promote local small business success stories.</p>	<p>Utilizing a range of promotional channels including LEDC's London magazine, YouTube channels, local print, newsletters and social media.</p>	<p>Increased promotion of small businesses through a wide range of channels such as YouTube, local print and online news like Business London and LEDC's London Magazine, email newsletters, events, and social media. Community-driven success stories are creating a unified front for London's diverse economy. Together these initiatives provide a cohesive message for London organizations to promote and share the success and growth that they have found in the city.</p> <p>http://magazine.ledc.com/</p>	

Initiative	How are we doing it?	Status Update	Attachments
<p> 4. Support the implementation of London Economic Development Corporation's Strategic Plan and its efforts to attract and retain business investment across the city's core industry sectors (e.g. food processing, life sciences, manufacturing and digital creative)</p>	<p>LEDC is a strategic partner of London's Community Economic Road Map which is supported through LEDC's Strategic Plan.</p>	<p>The City continues to support the LEDC's Strategic Plan as it compliments and aligns with the Road Map. The City has signed a 5-year PSA with LEDC which continues until June 30, 2019. The Corporation agreed to purchase from the LEDC and the LEDC agreed to provide the Corporation economic development services.</p>	
<p> 5. Ensure that the mandate, services and programs of LEDC are in alignment with the City's Strategic Plan.</p>	<p>LEDC's strategic plan supports London's Community Economic Road Map and ultimately the City of London Strategic Plan.</p>	<p>The mandate, services and programs of LEDC continue to be in alignment with the Council's Strategic Plan, particularly the "Growing Our Economy" area of focus. And this area of focus is supported by London's Community Economic Road Map.</p>	
<p> 6. Advance the development of London's Smart City Strategy. Work with the London's development community and landowners, as well as other stakeholders to ensure our physical and built environment supports SMART technology (e.g. mobile hotspots, fibre wiring, and broadband improvements).</p>	<p>By continuing to advance the Smart City Strategy.</p> <p>The Smart City project was launched September of 2016 which is intended to provide a strategy that will focus on four key areas, smart living, smart infrastructure, smart economy and smart decisions. A project team comprised of members from the City of London, London Hydro, LARG*net and LEDC has been established and is working with the consultant, IBI.</p>	<p>Presentation of Future Cities Strategy to Strategic Priorities and Policy Committee (SPPC) of Municipal Council for approval in Q2 2018.</p>	
<p> 6.1. Explore the opportunity for a Mayor's Task Force to consider the future of technology and the implications for the city's future competitiveness and business growth opportunities.</p>	<p>Pending results of the Smart City Strategy</p>	<p>Get the proper organizations together to discuss this action step and what the task force would look like and accomplish once the Smart City Strategy has been completed.</p>	
<p> 7. Investigate the need for a business concierge program for small businesses in relation to the City of London regulatory environment.</p>	<p>Service London and the London SBC are actively implementing appropriate services.</p>	<p>The renovation to the Service London Business Hub was completed in the Fall of 2017. The staffing of the Business Hub is being finalized in the Fall of 2017. The Service London Business Hub is in the lobby of City Hall, and will provide small businesses with coordinated business information and services.</p>	

Initiative	How are we doing it?	Status Update	Attachments
<p> 8. Explore opportunities to bridge any small business support programming gaps and leverage Federal and Provincial programs and business supports for future needs.</p>	<p>Exploring federal and provincial programs that could be leveraged to fill programming gaps.</p>	<p>Service London Business continues to work with external partners and the small business community in establishing business guides. Service London Business has created a Municipal Policy position that will continue to work and collaborate with external partners to address gaps in information and services.</p>	
<p> 9. Transition the current Partnership Panel Steering Committee into the Economic Partnership Advisory Panel, which will include three additional members. This group will be tasked with overseeing the progress of the Economic Road Map and suggest any changes taking place in London that might influence the actions in the strategy.</p>	<p>14 member Economic Partnership Advisory Panel</p>	<p>The transition of the Partnership Panel Steering Committee into the Economic Partnership Advisory Panel has been completed. Currently, the Advisory Panel is comprised of 13 members.</p>	
<p> 10. Engage and connect economic development and community development organizations to build collaboration and leadership through in an annual information exchange as it relates to the implementation of the Road Map. Including sharing of key goals or initiatives being pursued in the upcoming fiscal year and the progress they are making against their strategic plans and objectives of the Community Economic Road Map where applicable.</p>	<p>This information exchange will be part of the annual Community Economic Road Map update event which will be developed by the Economic Partnership Advisory Panel.</p>	<ul style="list-style-type: none"> • The Advisory Panel members have been meeting quarterly and Action Teams have been meeting on a regular base respectively. The Economic Road Map has brought people come together to work collectively. • In October 2017, the Economic Road Map Advisory Panel members and Action Teams Leads met to do the status check to discuss how the Road Map was progressing and plans for future efforts. 	
<p> 10.1. Prioritize City funding to existing municipally funded economic development organizations (focused on business attraction and retention) which demonstrate their activities' alignment and support for advancing the Economic Road Map.</p>	<p>Municipally funded Economic Development organizations are required to provide annual strategic plan updates and identify how those plans align with the Road Map (LEDC, SBC, TA). Funding allotted will be based on services provided and alignment with the Road Map, as reflected in PSA's or grants.</p>	<ul style="list-style-type: none"> • On December 6th, 2016, Council allocated \$100,000 in 2017 for London's Economic Road Map projects. • The Advisory Panel approved 4 out of 7 proposals in 2017, for a total investment of \$102,500. 	

Initiative	How are we doing it?	Status Update	Attachments
<p data-bbox="100 375 134 407">↑</p> <p data-bbox="149 329 554 461">11. Work with area municipalities to define opportunities to collaborate around regionally significant economic development initiatives that advance the competitiveness of London and Area (e.g. regional transportation improvements).</p>	<p data-bbox="579 358 1016 435">Mayors of Southwest Ontario (MOSO) chaired by Mayor Brown focuses on exploring and prioritizing key advocacy areas for joint work.</p>	<p data-bbox="1062 147 1520 643">The City of London has continued to provide strategic support and leadership as the secretariat to the Mayors of Southwest Ontario (MOSO) caucus. The mayors convened on four occasions throughout 2017 to advance key advocacy priorities, including directly with Provincial Finance Minister Charles Sousa. On May 19, 2017 Premier Kathleen Wynne, Transport Minister Steven Del Duca, and Minister Deb Matthews announced that the province is moving forward on High-Speed Rail that will connect Toronto to London and through to Windsor. Premier Wynne has committed that the Toronto - London corridor will be fully operational in 2025. Ensuring that local governments are at the decision-making table remains a top advocacy priority for MOSO and their respective communities.</p>	

Economic Priority 3 – An Exceptional Downtown and a Vibrant Urban Environment

An Exceptional Downtown and a Vibrant Urban Environment

Why is it important?

London's Urban Core, Urban Centre and Urban neighbourhoods play a central role in shaping the life of Londoners and are a reflection of the city's traditions and aspirations. London's Urban Core, Urban Centre and Urban neighbourhoods, and associated quality of place, are the cornerstone of its value proposition to attract new residents and businesses alike. Investing in London's Urban Core, Urban Centre and Urban neighbourhoods is a necessity to ensuring the continued growth and prosperity of London for generations to come.

Objectives

Objective

- [Improve the City's urban environment](#)
- [Create a vibrant, attractive and competitive urban core](#)
- [Enable a rich variety of cultural, sporting, and entertainment events and activities in the Downtown and surrounding urban neighbourhoods](#)

■ An Exceptional Downtown and a Vibrant Urban Environment - Results

Status Definitions

- ✓ Complete: Initiative is complete (may include initiatives that are complete with ongoing activities)
- ↑ On Target:
 - Initiative has been started and is advancing well, in progress

- Not Started: Initiative has not been started or Initiative has been transferred

Initiative	How are we doing it?	Status Update
<p> 1. Continue to support and resource the implementation of "Our Move Forward - London's Downtown Plan (Council approved April 14, 2015)".</p>	<p>Dundas Place Canada 150 CIP Covent Garden Rink LiveWorkLearnPlay was contracted by Downtown London.</p>	<p>1. The progress of the 10 Transformational Projects: (1) Dundas Place - The Environmental Assessment (EA) was completed in early 2017. The rest of 2017 has been spent on the detailed design of the street. A community meeting is scheduled for November 8, 2017 to unveil the design. A budget amendment is coming forward this fall for the Dundas Place Management Office to hire a Dundas Place Manager; (2) Forks of the Thames - update separately; (7) Market District - The Covent Garden Market received \$200,000 funding from Canada 150 Community Infrastructure Program Intake Two to upgrade its Rink System;</p> <p>2. Contracted by Downtown London in 2016 to create a vibrant and competitive downtown for London, LiveWorkLearnPlay completed a 3+phase report including a Reconnaissance and Strategic Analysis, a Market Study, an activation plan and a targeted leasing plan. in 2018 Downtown London will launch a targeted leasing plan to improve the tenant mix and encourage investment in the core.</p> <p>The link to the State of Downtown Report 2015 & the previous State of Downtown reports: http://www.london.ca/business/...</p>
<p> 1.1. Establish working committees to prioritize the action items within the Downtown Master plan.</p>	<p>Working Committees have already been created</p>	<p>Working Committees have already been created.</p>
<p> 1.2. Develop an internal resourcing model to ensure the continued implementation of prioritized actions.</p>	<p>Core Area Steering Committee</p>	<p>In March 2017, The City created the Core Area Steering Committee, Core Areas Co-coordinating Team, and Committee Service Coordinating Team. Consist of directors from 5 service areas: Planning, Engineering, Neighbourhood, Children and Fire Service, Parks and Recreation, and City Manager's Office.</p>
<p> 1.3. Develop new policies and by-laws and enforce existing policies and by-laws to enhance the economic and social well-being of Downtown which may include implementation measures related to economic development, building rehabilitation, urban design guidelines and public safety.</p>	<p>By-laws such as those related to Building Safety & Noise. Policy and regulations changes.</p>	<p>The Music, Entertainment & Culture District Study has been adopted by Council except for the pages related to noise and hours of operation. The By-law amendment to remove Section 4.18 5) has been appealed to the Ontario Municipal Board and is awaiting scheduling of a hearing. The suggested new target end date is December 31, 2019.</p>

Initiative	How are we doing it?	Status Update
<p> 2. Continue to support and resource the implementation of the Cultural Prosperity Plan.</p>	<p>Establish Culture Districts; London Artist In Residence Program; Community Arts Investment Program (CAIP); Culture Mapping on City Map; Public Art; Canada 150 Infrastructure; Establish and implement strategic initiatives that align with the London Music Strategy - Education and Networks; The Music, Entertainment & Culture District Study; Music Census Inventory; Country Music Week; Canada 150 Celebration; Youth Programming; Music Events and Festivals; Continue to animate the downtown with a wide variety of public spaces, public art, culture, as well as formal and informal programming that appeal to a wide range of age groups and segments of the population.</p>	<ul style="list-style-type: none"> • Canada 150 Community Infrastructure Program Intake 2 \$1,180,000 granted to: Covent Garden Market, Outdoor Rink, Constitution Park Enhancement, Kiwanis Park Rec. Pathway System, Queens Park Enhancement. Ontario 150 Community Infrastructure Program SesquiFest \$70,000 and Ontario 150 Partnership Program Targeted Youth Leadership Program \$55,000. • Canada 150 London Signature Event List: New Year's Eve 2017- December 31st, 2016; Earth Day 150 Weekend-April 21-23, 2017; Sesquifest- June 29-July 3, 2017; Canada Day- July 1, 2017; New Year's Eve 2018. • London Community Foundation (LCF): LCF has made \$150,000 in grants to projects celebrating Canada's 150th in 2016 to be initiated over 2017, and anticipates a further \$100,000 during 2017. • The London Artist In Residence Program (LAIR) program is in its fourth year in partnership with the school boards and the Ontario Arts Council and London Community Foundation. The program provides job opportunities to local artists in classrooms (2016-17: 10 artists in 100 classrooms reaching 2500 students). • Community Arts Investment Program funding has been directed to accomplish specific outcomes of: a development acceleration stream of six arts organizations, poet laureate, Indigenous Artist in Residence, London Arts Live displays of culture by individual artists and operating, project and artist and artist collective streams of CAIP. • The Music, Entertainment & Culture District Study has been adopted by Council except for the pages related to noise and hours of operation. The By-law amendment to remove Section 4.18 5) has been appealed to the Ontario Municipal Board and is awaiting scheduling of a hearing. • The London Arts Council (LAC) Market Lane programs include London Arts Live and the Poet Laureate Presents Poet's Passage to provide interactive arts programming for Market Lane. • The Report recommending the London Music Industry Development Officer Position be made permanent and referred to the 2018 budget review process was presented to SPPC on May 29, 2017.
<p> 2.1. Establish working committees to prioritize the action items within these plans.</p>	<p>Working committees have already been created</p>	<p>Working Committees have already been created</p>

Initiative	How are we doing it?	Status Update
<p> 2.2. Develop an internal resourcing model to ensure the continued implementation of prioritized actions.</p>	<p>Economic Road Map funded project</p>	<p>London Arts Council (LAC) Culture City is a new program of the LAC designed in 2016. Culture City immerses teachers and students in their local culture, participating in hands-on learning experiences related to the Ontario Civics Curriculum. The Companion Program is the funded project for this action team which focuses on Cultural Tourism to London's Core, has been shaped from the basis of the Culture City program. It is envisioned that this program will form part of a bid package for hotels, conference centres host committees and any professional or volunteer group working to attract visitors to London.</p>
<p> 3. Continue to engage London's property owners to upgrade and enhance the state of properties in the downtown and other Community Improvements Incentives(C.I.P.s). (rehabilitation of existing buildings)</p>	<p>Community Improvement Incentives (CIP) & MainStreet London Incentives</p>	<p>Between 2016 and September 2017, the City issued eight loans valued at \$205,000 to property owner's in the Downtown to upgrade and enhance their properties including façade and interior improvements. The number of loans issued was less than previous years, but this may be a result of property owners waiting until 2018 when the eligible loan amounts are increased. MainStreet London in the same period provided 5 Facade Grants for \$34,135.00 (with 7 pending for \$48,000.00) and 1 Tenant Improvement Loan for \$35,000.00.</p>
<p> 3.1. Continue the use of development incentives to attract needed investment to the downtown core and surrounding urban neighbourhoods as it relates to the City's Community Improvement Plan (encouraging investment of new buildings).</p>	<p>Development Incentives</p>	<p>In the Downtown and Old East Village, the City offers a grant to cover the cost of residential Development Charges in an effort to encourage residential intensification and infill development. Between 2016 and September 2017, three new apartment buildings took advantage of the DC grant program resulted in the creation of approximately 570 new residential units.</p>

Initiative	How are we doing it?	Status Update
<p>4. Advance the London Community Foundation's "Back to the River Project" as a way to forge active linkages with the downtown and broader community.</p>	<p>Back to the River (BTTR) Initiative</p>	<ul style="list-style-type: none"> ● London Community Foundation (LCF) continues to mobilize around an inaugural project at the Forks of the Thames. The City of London is progressing with the One River EA with preliminary emphasis determining whether to repatriate the Springbank Dam or decommission it permanently. A report was submitted to council in Sept detailing how the EA would progress. Two Public Information Centres are being held. In early December, a recommendation on what to do with the dam will be presented. A series of community consultations are in progress. ● Once the Springbank Dam recommendation has been made to Council, next steps focusing specifically on the Forks of the Thames will proceed with public input once again. LCF will be part of this table. ● London Community Foundation has received an anonymous gift of \$1M from lead donor toward the Forks inaugural project. Second part of this lead gift from other donors is pending. Lead donors will set milestones with LCF and the City for release of capital. If milestones are not met, capital may be redeployed. ● A lead donor has made a pledge to kick start the SoHo inaugural work. LCF has a total of \$500K in hand for this second inaugural project, which will increase with the donor pledge fulfillment. ● LCF has received a grant through the McConnell Foundation to fund the process of planning future structure of Back to the River as a separate entity.

<p>6. Promote the attraction and development of major sport, convention and music events to enhance visitor spending and maximize business opportunities; hotel occupancy and revenue growth.</p>	<p>Promote Major Sport, Convention and Music Events;</p>	<ul style="list-style-type: none"> ● 2016 Conference Board of Canada report indicates Tourism in London Ontario to have a \$737 million impact including over 2.1 million overnight visitations. ● Tourism London submitted a bid to host the 2019 JUNO Awards / City Council fully supported a request for \$500k in funding towards a bid fee if successful. ● Strategies and Tactics utilized by Tourism London to acquire major event and convention business is proprietary due to the competitive nature and not for public disclosure. ● Upcoming Major Sporting Events include: <ul style="list-style-type: none"> ● 2018 Ontario Summer Games ● 2018 Continental Cup of Curling ● 2018 USport Women's Hockey Championships ● 2018 OFSAA Boys Volleyball ● 2017 OFSAA Girls Basketball ● 2018 World Jr.'s Team Canada Exhibition Hockey Game ● 2018 Hockey Canada Foundation Golf and Gala ● The legislation was approved by the Ministry of Tourism, Culture and Sport on November 24th which allows municipalities to impose a levy on hotels for the purpose of developing the Tourism Sector, funds to be utilized by Tourism London for major event bids, event acquisition and economic development. The new regulations will provide municipalities with the flexibility to determine the design, administration and collection of the tax. The regulations also recognize the importance of tourism in Ontario communities by maintaining funding to existing tourism organizations that have benefited from Destination Marketing Fees (DMF) in the past. ● LCC/TL partnered Ottawa convention office – ongoing. ● LCC economic impact on pace for \$18-\$19 million in 2017. ● Convention efforts by entire London team has secured the Global Student Leadership Summit in April 2018 which will attract 3000 delegates each day over 3 days to be London's largest Downtown convention hosted to date.

Economic Priority 4 – A Top Quality Workforce

A Top Quality Workforce

Why is it important?

As the battle for talented workers continues, cities have realized that to remain competitive they need to be more effective in attracting and retaining a global workforce. Given the level of mobility that is often associated with today's workers, the challenge for London is to create a welcoming environment where talent finds opportunity, career advancement and an engaged business community. While attracting and retaining workers is paramount, so is the city's openness to diversity and immigrants.

Objectives

Objective

- [Ensure local employers have access to the talent they require](#)
- [Bolster the local and regional supply of skilled trades and STEM \(science, technology, engineering, and math\) occupations.](#)
- [Promote the importance of diversity and inclusivity as drivers of London's workforce and economy](#)
- [Encourage deeper connections between post-secondary students and the city](#)

A Top Quality Workforce - Results

Help connect them to employers. Programs include Student 2 Business, Student Employment Services, WIL - gather some success stories. Help businesses understand how to hire an international student - Chamber could host employer forum. Setting out the 2017 calendar of events. 	<p>Members of Team 4 continue to work on a number of local initiatives.</p> <p>LMIEC has been re-branded as Immploy: http://immploy.ca/.</p> <p>Pride London held their Awards on July 21 and recognized 4 individuals, organizations and businesses who support the LGBTQ2 communities.</p> <p>The Ability First Coalition is holding their Awards on November 10 recognizing 25 employers who have hired and retained persons with disabilities.</p> <p>The Employment Sub-Council for the LMLIP is creating an Awards for employers who hire and retain immigrants.</p> <p>Immigration Strategy: A terms of reference for the steering committee who have developed a vision, and mission statement. The vision of the strategy is that "Newcomers choose London as Canada's leading community to live, learn and work." The mission is to "successfully attract, integrate and retain Newcomers, in particular international students, skilled workers and entrepreneurs, to and into the local economy and society."</p>
<p> 4. Increase the number of local internship opportunities for secondary and post-secondary students.</p>	<p>Create strategies, targets, and baseline for available internship opportunities</p>	<p>An Experiential Learning working group is coordinating discussion between secondary, post-secondary and community-based programs that are all looking to increase the number of local internship/co-op/work placements as required in their contracts with their founders.</p> <p>The Business Education Network continues to meet quarterly and keeps the web portal http://tomorrowsworkforce.ca/ up to date. The web portal is promoted to students, educators and employers.</p>

Why is it important?

London's medical sector is one of the largest and most comprehensive in the country. London's medical and scientific sector specializes in a wide range of established and emerging areas of research excellence. With the formation of the London Medical Network (LMN), the city of London has the opportunity to be at the leading edge of global medical advances and applications that will advance local investment and industry growth in the healthcare sector for years to come.

Objectives

Objective

- Develop a globally significant brand that will advance the growth of the city's cluster of healthcare research and enterprises
- Foster greater collaboration between the London Medical Network, local and regional economic development stakeholders and the business community
- Ensure the necessary infrastructure is in place to enable the attraction of new industry partners and healthcare enterprises
- Contribute to job creation and wealth creation in London

A National Centre of Excellence for Medical Innovation and Commercialization -

Initiative	How are we doing it?	Status Update
<p>✓ 1. Define the national Centre of Excellence for medical innovation and commercialization. What is it and how will it work? Articulate how the LMICN will be used as a tool to advance this long term visions.</p>	<p>London Medical Network Strategic Plan</p>	<p>Over the past two years, leaders from across the city's health care community have collaborated on the creation and development of a globally-renowned medical innovation network that will focus on resolving some of the world's more challenging health care problems and then commercializing these advances for economic and social gain. To accomplish this vision, the London Medical Network (LMN) has developed a Strategic Plan.</p>
<p>● 2. Prepare a comprehensive sector profile that showcases London and Area's medical innovation and commercialization assets that includes manufacturers of healthcare products, high tech companies, research facilities, research parks, venture capital support, workforce support, industry/research leaders etc.(e.g. www.montrealinternational.com)</p>	<p>Aggregated current and available health care employment for both public and private sector organizations.</p>	<p>There has been no progress on this task. The LMN is completely reliant on seconded operating resources and those commitments have been directed to other priorities.</p>
<p>● 3. Work with the London Medical Innovation & Commercialization network (LMIC) to develop a marketing plan for London's medical and scientific sectors that raises London's profile as a centre of expertise in medical research and commercialization and supports the recruitment of targeted companies, entrepreneurs, investment and talent.</p>	<p>Currently utilizing in house marketing capabilities. Contracted out logo and initial web design.</p>	<p>There has been no progress on this task. The LMN is completely reliant on seconded operating resources and those commitments have been directed to other priorities.</p>
<p>✓ 3.1. Launch a PR initiative that clearly communicates the role and responsibilities of LMICN. Clearly articulate how the LMICN ties into the broader vision of London becoming a national Centre of Excellence for medical innovation and commercialization.</p>	<p>Currently utilizing cost-effective guerrilla marketing approaches. Advancing newsworthy reports to regional media as they arise.</p>	<p>Annual updates are provided to Council and Community. Updated the Federal and the Provincial Ministries. Governing Council Members continually provide updates to staff and colleagues.</p> <p>The network will continue to provide community updates through the publication of success stories and annual progress measurement. The network will continue the current approach. Focus on success stories and outcomes.</p>

Initiative	How are we doing it?	Status Update
<p>✓ 4. Identify a sector ambassador (CEO) that can effectively expand on the city's extensive healthcare and research strengths and engage government, business and investors in the opportunities associated with medical discovery and commercialization activities in London.</p>	<p>All Governing Council (GC) and Advisory Team members currently serve as Ambassadors as part of their role.</p>	<p>Initial LMN (London Medical Network) governance, advisory and operating structure has been established (20 team members). Recognizing the broad and diverse nature of London's health care community, the London Medical Network and the leadership team that governs it must be structured in a manner that maximizes member engagement, strategic thinking, flexibility, and collaboration. The LMN also must be ruthless in focus and unwavering in its commitment to deliver on its economic development and social promise. However, the Network also must be mindful of each member's own organizational mission and operational mandates. To this end, the Network established a nine-member Governing Council (GC) comprised predominantly of experienced leaders from the medical sector, institutions, civic government and the private sector to lead the initiative. This virtual organization prepared the strategic plan and assumed responsibility for strategic oversight for the community's entire medical innovation initiative.</p> <p>Medical Innovation Community Investment Corporation (MEDCIC) has been established and funded. The Governing Council established a legally-incorporated Not-For-Profit entity called MEDCIC to serve as a holding company for the City's contribution to the Network and the investment arm of the LMN.</p>
<p>↑ 5. Identify new opportunities for strategic partnering with other organizations and institutions that focus on key priority areas that support collaboration and networking.</p>	<p>Remain open new partnerships as opportunities arise.</p>	<p>LMN has completed the Renishaw partnership and opened the ADEISS Centre. The LMN is negotiating two additional partnerships in the medical innovation space.</p>
<p>✓ 6. Advocate for a best in class approach to Intellectual Property (IP) policies on the part of the city's post-secondary institutions as a means to encourage a higher degree of spin-off development and commercialization activity in London.</p>	<p>WORLDDiscoveries (WD) has already implemented progressive Inventor-choice policy.</p>	<p>WORLDDiscoveries has already introduced "Inventor-Choice" program to promote spin-off development. Considered most progressive IP policy in North America. Launched Proteus with TechAlliance to stimulate new IP commercialization.</p>
<p>✓ 7. Convene business and institutional partners annually to report on the progress and results of implementing the LMIC Network Strategic Plan and address barriers and opportunities as they arise.</p>	<p>Currently report to LMN Governing Council, Advisory Teams, Western Execs, Research Teams, Foundations, Partners, City quarterly.</p>	<p>The network will continue to provide updates to all stakeholders as needed. Founding partner Joint Venture Agreements have been executed (Western University, Lawson Health Research Institute, London Health Sciences Centre, St. Joseph's Healthcare London). The Governing Council (GC) institutional members also entered into a Joint Venture Agreement (JVA) to ensure broad collaboration, and lend structure and credence to the decisions made by members on behalf of the Network. The JVA ensures that the GC serves as the nexus for the LMN's initiation, incubation, acceleration and maturation. It also ensures that all decisions are vetted collectively by London's health care leaders and are always made with the best interests of the Network and the community in mind.</p>

Initiative	How are we doing it?	Status Update
<p> 8. Work with our strategic partners to develop relationships with external venture capital firms, angel investors' networks and senior levels of government that will improve access to capital in London.</p>	<p>Submitted applications to potential funding agencies. Awaiting new program announcement to continue pursuit.</p>	<p>The LMN has initiated a new funding proposal to support the development of two Industry Development Centres, one at Robarts Research Institute and one at the Lawson Health Research Institute. The timing associated with this funding request is unknown at this time.</p>
<p> 9. Initiate projects that contribute net new jobs and investment to the City through acquisition, attraction, new company development and talent retention.</p>	<p>Concurrently pursued first 3 initiatives that create jobs and attract investment. Western added 1st two Chairs.</p>	<p>The LMN opened the new Addictive Design in Surgical Solutions (ADEISS) Centre in May 2017 and it is now operational. The current team from Western, Robarts and Renishaw have been diligently working through the ISO certification and FDA processes. This latter step, which will likely take 4-5 months to complete, is critical to the Centre's success as it will give ADEISS a huge competitive advantage over similar offerings now underway in the 3D medical device space.</p> <p>The LMN also launched in partnership with TechAlliance the new Burst program to support early stage medical devices companies in June 2017. In July, TechAlliance, with support from the LMN and FedDev Ontario, announced the second 10-company cohort, and their training is underway. The Final 10-company cohort will be evaluated.</p> <p>Both initiatives are on target. Western/Robarts also recruited another highly-regarded Research Chair to the team. The LMN is also aggressively pursuing a facility to serve as the home for London's first Medical Innovation Centre.</p>
